

Having Trouble with Course Completions Transcript

Psssst! Are you having trouble getting your courses to register as completed on your transcript? Here's a trick that will help you out.

Epicor Training On Demand courses – those you watch on the Epicor Learning Center – are only marked complete on the transcript when you watch the ENTIRE course. We do it this way because so much of what we are teaching you is important, and we don't want you to miss anything that you need.

So, if you are in the habit of “skipping around”, or using the Next button to hop forward, you may find that your course will not show as complete on your Epicor Learning Center transcript. If you are working toward a certification, we understand that this may be a little frustrating.
